

Advanced innergy solutions ltd South Georgia and South Sandwich Islands

The islands cover a total area of approximately 4,000 km² with South Georgia being the largest, covering 3,755 km². While much of the terrain is mountainous and unsuitable for wildlife, the low-lying coastal areas and smaller vegetated islands typically have high densities of seals and seabirds, particularly during the nesting and pupping season in the austral ...

South Sandwich Islands, group of actively volcanic islets in the South Atlantic Ocean, north of the Weddell Sea and 470 miles (760 km) southeast of the island of South Georgia. They extend for 190 miles (305 km), occupy 120 square miles (310 square km), and are covered with glaciers. Until 1985 they were included within the Falkland Islands (Islas ...
