Akcome has been complying with the development trend of the New Energy industry, keeping up with the cultivation of the New Energy field, and has been listed in the Top 500 Chinese Private Enterprises and the Top 500 Global New Energy Enterprises for many consecutive years.

What is akcome's enterprise strength?

In terms of enterprise strength, Akcome has successively won domestic and foreign authoritative awards such as PVBL Global Photovoltaic Top 100, China Energy Enterprises Top 500, Suzhou Top 100 Private Enterprises, 2022 Impact Photovoltaic New-type PV Cell/Module & PV Mounting System Brand Award and etc.

What makes akcome a leading energy company?

Insisted on Technology Leading, Exploring Paths for Cost Reducing and Efficiency Increasing As a leading enterprise in new energy industry, Akcome has been insisting on leading by innovation, focusing on R&D and reducing cost in HJT cell and module technologies.

What is akcome HJT technology?

The release conference of new products of 700W+ HJT Modules, full-scale production of 210 half-cut HJT cell and the trial production of 120/100/90um thickness of HJT cells, have witnessed the breakthrough and innovation of Akcome in high-efficiency HJT technologies. In August, Akcome released 700W+ HJT Modules

What is akcome's business development model?

In line with the iterative upgrading of PV technology, Akcome actively creates a two-wheel-driven business development model with "New Energy Manufacturing + New Energy Services" as the core.

A AKCOME Optoelectronics é uma companhia de produção de energia nova, subsidiária da AKCOME Holdings Group, com foco no desenvolvimento de células de heterojunção, tendo como objetivo a criação de energia nova de alta eficiência. Página Inicial. Células. Módulos. AK iPower. Perc-AK iChaser.

Rail was introduced in Sri Lanka in 1864 to transport coffee from plantations in the hill country district of Kandy to the port city of Colombo on its way to Europe and the world market. The coffee blight of 1871 destroyed many a fine plantation and tea replaced coffee. With the development of tea plantations in the 1880s, the joint-stock ...
