Le 15 mars 2023, le conseil d'administration d'Alfa Energy Group (AEG) a approuvé la vente de la participation d'AEG dans la société de production d'énergie équatoriale, Alba B3, à Noble Energy. Cette transaction est une étape importante dans la stratégie d'AEG de se concentrer sur ses activités principales de production d'énergie offshore. Les revenus de la vente seront utilisés pour financer la croissance et le développement de la société. ...

Favorable conditions for energy exports. Equatorial Guinea's domestic energy consumption is small - its population of around 1.75 million consumes only 4 percent of the country's oil output - which creates a sizeable surplus for exports. The country's location at an almost equal distance between the markets in Europe, Asia and North ...

Discussing the trend, the report cited Gunvor Group's financing of Gabon's USD 800-million deal to buy the Carlyle Group's Assala Energy, completed in June, and Uganda's 2023 deal to make Vitol its sole supplier of oil products. Equatorial Guinea has been developing its oil and gas sector since large discoveries were made in 1996.
