Step 1) "Add 400-500w of solar panels" The lowest initial cost way to do this is with a solar charge controller. Just make sure you get one that operates at 12 volt for now and can be switched to 24 volt later. Most of them can do this but finding a good price on one that can also do 48 volt may be a challenge.

Les techniciens de la Nova Solar étaient professionnels, attentifs et efficaces tout au long de l'installation. J'ai été vraiment satisfait. Client au Cayes, Sud, Haiti ...
