Who is Allset energy?

Allset Energy is your full service renewable energy solutions partner with a difference. Agile, innovative and performance driven delivering bespoke solar and battery energy storage systems. No matter where you are on your solar and renewable journey Allset Energy's experienced team is here to assist you at every step of the way.

Who manages the electricity sector in Guinea Bissau?

The National Electricity and Water Corporation (EAGB) manages the electricity sector in Guinea Bissau. On a regional level, the country is a member of the West African Power Pool. The main sector policy is the National Energy Policy 1995, and more recently, the Energy Master Plan of 2013.

What financing options does Allset energy offer?

For renewable projects big or small Allset Energy offers finance options which can deliver cashflow positive operations from day one. Whether you are interested in a power purchase agreement (PPA) or energy services agreements (ESA) we can help you find the right solution.

Is Guinea-Bissau a viable energy resource?

The coast of Guinea-Bissau, with its deeply indented coastline, experiences high tidal range values making this a commercially viable energy resource. The highest mean annual tidal amplitude of 3.4 m was recorded at Porto Gole, on the banks of Rio Geba and could generate 50 MW of electricity (REEEP, 2012); (DICAT, undated).

How can Allset energy help you?

Your dedicated Allset Energy consultant will assist you every step of the way helping your business choose the right solution based on your requirements. Our service offering extends far beyond the right system to finance solutions, education packages and energy trading support.

What is the consumption of energy in Guinea-Bissau?

?? ... ABSTRACT The consumption of energy in Guinea-Bissau is characterized by a total reliance on imported petroleum fuels for transport, industry and household lighting needs and on woodfuels for almost all household cooking and traditional rural, commercial and artisanal activities.
