Over the years, DESCO has supplied thousands of high performance generators from the highly regarded FG Wilson brand now owned by the Caterpillar group. In partnership with the brands we represent, FG Wilson, Teksan and Himoina, we have several ranges available for both domestic and industrial use and with remote monitoring, ranging from 7.5 ...

Fuel is stored in an underground tank or supplied by your home's natural gas. Standby generators are larger than portable generators (7,500 watts to 48,000 watts or more), and they're more expensive, running anywhere from \$5,000 to more than \$25,000. Standby generators need to be professionally installed by a licensed electrician.

Most home standby generators can run anywhere from 10,000 to 30,000 hours. If you were to use it for 100 hours per year, that translates to 10 to 30 years. Things to Keep in Mind.

While they're able to power large appliances for hours, they don't provide whole-home power like home standby generators. Inverter: Inverter generators, including the Champion Power Equipment Open-Frame Inverter, are similar to portable generators in that they have built-in wheels for easy transportation and a gasoline fuel source.
