TMR Sales & Service Ltd. (TMR) is a privately owned Barbadian company focused on the electrical and HVAC market for commercial/industrial clients in Barbados. We offer a wide range of services that includes the designing, supplying and maintenance of electrical and air conditioning systems for commercial, industrial and residential customers.

Because stand alone power systems aren't connected to the electricity network, you usually need a back-up generator (diesel, petrol or biodiesel) - for example when it's too cloudy for your solar PVs or there isn't enough wind to drive your wind turbine.

Guardian Series generator provides the automatic backup power needed to protect your home and family during a power outage. Connected to existing LP (liquid propane) or natural gas fuel supply, it ...

During power outages, the Kohler line of standby generators will keep your entire home continuously powered. The automatic start system will sense the power outage, isolate your home's wiring and start the generator.

Guardian Series generator provides the automatic backup power you need to protect your home and family during a power outage. Connected to your existing LP or natural gas fuel supply, it automatically kicks in within seconds of sensing power loss, and runs for as long as necessary until utility power returns.
