

Belarus midsummer company

Is Midsummer a good company?

"Midsummer is a truly international company, in the sense that around 30 languages are mastered among the workforce. Thus, in addition to help providing renewable energy to the world, Midsummer is also a melting pot of different cultures. I find the interaction with my colleagues from different countries very inspiring and rewarding."

What is kupalle night in Belarus?

Kupala night, known as Kupalle in Belarusian and as Midsummer's Night in English is not as unique to Belarus as let's say Radunica. However, the Belarusian version of the tradition is known as one of the best-preserved ones.

What's it like working at midsummer?

The managerial role has been a new and developing experience to me, even if I prefer to focus on the experimental work on the solar cells. Midsummer is a truly international company, in the sense that around 30 languages are mastered among the workforce.

Where is Belarus located?

Belarus is located in Eastern Europe and borders Russia, the Ukraine, Poland, Lithuania, and Latvia. As of 2023, 9.26 million people were recorded to be living in Belarus, with more than 75% of them living in urban areas. In 2023, the country's GDP amounted to US\$73.54 billion and is estimated to rise by 1.2% in 2024.

How does Belarus perform in 2023?

In 2023, the country's GDP amounted to US\$73.54 billion and is estimated to rise by 1.2% in 2024. The number of large companies in Belarus is an indicator of its overall economic performance. Not only do these organizations provide jobs for the local market, but they are also able to achieve success in global markets, thus generating greater value.
