

What is a BMZ battery system?

This system enables homeowners to maximise their energy independence and sustainably reduce their energy costs. The BMZ Group develops and produces high-tech battery systems, which are installed worldwide in the most diverse products of well-known brands. In addition to OEM products, BMZ also manufactures battery systems with its own brands.

What are BMZ's high-tech battery systems used for?

BMZ's high-tech battery systems are used in various sectors, including e-mobility, medical, industrial, energy storage, and power tools. The company has 9 international service points that ensure the long-term availability of original parts.

Where is BMZ GmbH located?

From the headquarters, all activities are managed on the European market as well as internationally. In September 2010, BMZ GmbH founded the second foreign branch in Poland/Gliwice. The plant in Poland is also ISO certified. The Eastern European business is controlled from Poland.
