

Bouvet Island sunlink pv

Who is SunLink PV?

Sunlink PV founded in 2004 is one of the earliest solar module manufacturers in China and has been engaged in green energy production for 20 years. We provide high-efficiency PERC and TOPCON solar panels. At Sunlink, we are building better solar solutions in innovative ways every day.

What's new at SunLink PV?

This expansion entails a significant ramp-up to a 3GW fully automated capacity, achieved through the integration of cutting-edge technologies. These include N-Type Bifacial TOPCon modules, N-Type IBC modules, and PERC modules, all of which underscore Sunlink PV's commitment to delivering advanced and efficient solar solutions.

What are the advantages of SunLink PV OBB & OBB modules?

Sunlink PV's OBB modules efficiency up to 23.8% and the module size is 2382*1303*30mm . This one decreasing shadow for busbars, improving current collection ability and improving module's output . And OBB module decreasing risk of microcrack , improving client's value by saving cost on silver paster and lamination materials.
