Sunstone from Brazil is a radiant gemstone that truly captures the essence of its namesake. This alluring stone is primarily formed from feldspar minerals, which crystallize from magma in both intrusive and extrusive igneous rocks. The sparkle or aventurescence of sunstone is due to the presence of small plate-like inc

Sunstone Power is a manufacturer with 20 years of experience, focusing on backup power, manufacturing lead-acid batteries, LiFePO4 batteries and their BMS.

Brazil_City o I get that, Sunstone's debut threw me for a loop the first time I saw it. I think what they were going for was Garnet's power mixed with Steven's personality. Normally Garnet is stoic and balanced, with Ruby's impulsiveness being countered by Sapphire's restraint. ... Like, Sunstone has no personality on their own, they're just ...
