

Why is Eni next investing in high-growth start-ups?

We are investing in high-growth start-ups with the most disruptive technologies. Eni Next is contributing to Eni's transformation through investments in startups which are developing technologies for producing energy with low carbon footprint: renewable energies, energy storage, and magnetic fusion are some of the focus areas.

How will Cape Verde ICT hub help start-ups?

This phase also includes the formation of a public-private partnership for the creation of two data centres. In a significant boost for African start-ups, the Cape Verde ICT hub will initiate a EUR1 million seed fund to invest in approximately 20 local innovative start-ups.

Can Cape Verde become a digital nation?

Cape Verde's deputy prime minister and finance minister, Olavo Avelino Garcia Correia, has lauded the potential of the project, stating, "Our ambition is to transform Cape Verde into a digital nation, with a circulating economy and the Technology Park in Praia playing a critical role in this significant government strategy."
