Renewables experts have asked the government to allow Cayman residents to install solar and battery energy storage systems at their homes or businesses without prior permission.

The existing panels were Back 40 Solar and the new panels were Rich Solar. They both can be attached to the mount, however their dimensions are not the same on length or width. And that caused our problem. The mount (VC2-HR8) is designed to hold 16 x 100 watt panels. However, rail length is specifically for Back 40 panels.

Bodden Town, located in the eastern part of Grand Cayman, is home to the largest solar power plant in the Cayman Islands, the 5 MW BMR Energy Bodden Town Solar Plant in operation since 2017.
