

Combo solar Togo

Hi, I'm installing solar later this year in SoCal. I signed up for NEM 2.0 last year under Edison, which allows for 1:1 net metering. My system will be wired with whole home battery backup in the event of an outage. I will have 14kW panels and the EG4 18KPV inverter. I currently have a 100 amp combo breaker/meter box.

There are two types of solar loans: combo and reamortizing. In a combo loan, there is a primary loan for the net cost of the system and a bridge loan for the value of the 30% federal solar tax credit. This essentially allows solar borrowers to use ...

Have been using the LG combo unit for 2 months (sourced Costco). Does full size loads as well as smaller. The off grid cabin has propane and/or solar, and the laundry room has a propane connection and a110v connection. So rather than wrestling with a 220v drop I went with the combo unit. I take really heavy stuff and/or filthy stuff to the ...
