

Czechia haidi energy

Why should you choose Haidi energy?

In terms of the Safety, Energy Density, Lifespan, C-Rate, and Working Temperature Range, Haidi delivers the "best in class" battery cells to the global customers, specially in LiFePO4 cells technology. Haidi Energy is certified with ISO9001, ISO14001, TS16949 and OHSAS18001 management systems.

What is Haidi energy technology's primary industry?

Haidi Energy Technology's primary industry is Electrical Equipment. Is Haidi Energy Technology a private or public company? Haidi Energy Technology is a Private company.

What makes Haidi a good battery?

Haidi's unique design makes our prismatic cells thin and light weight. This allows for significant space savings. The rectangular shape of thin prismatic cells offer better layering than cylindrical cells, allowing more flexibility for battery design engineers.

Who invested in Haidi energy technology?

Cathay Capital Private Equity, Phoenix Venture Capital, China Capital Management, Cowin Capital, and DeDaoHouSheng Capital are 5 of 7 investors who have invested in Haidi Energy Technology. Discover how our experts ensure you're getting the most accurate financial data in the industry.

What certifications does Haidi energy have?

Haidi Energy is certified under the following management systems: ISO 9001, ISO 14001, IATF 16949, and OHSAS 18001. Our products have received various international certifications, including UL, CE, IEC 62133, KC, BIS, RoHS, UN38.3, and MSDS.

What makes Haidi unique?

Haidi stands at the forefront of innovation, combining expertise and adaptability to meet the demands of modern businesses. At Haidi, customer-centricity is a core principle, guiding every decision and action.
