

Daystar power group Mexico

Shell will acquire Daystar Power, which is subject to regulatory approvals, to deliver carbon emission reductions and power cost savings to C& I businesses across Africa.

Daystar Power specialises in providing solar power and energy efficiency solutions for businesses in the commercial, industrial, and agricultural sectors that result in significant reduction of power costs, diesel consumption and pollution.

Shell will acquire Daystar Power, which is subject to regulatory approvals, to deliver carbon emission reductions and power cost savings to C& I businesses across Africa. Daystar Power's co-founders and management ...

Daystar Power aims to increase its installed solar capacity to 400MW by 2025 to become one of Africa's leading providers of solar power solutions for commercial and industrial businesses. Daystar Power will operate as a wholly owned subsidiary of Shell under its existing brand within Shell's Renewables & Energy Solutions business.

We believe that affordable, reliable and clean power should be readily accessible to all businesses and consumers across Africa. ? We provide and run solar hybrid power systems for African businesses. We take power management off their plates so they can return to focusing on their core business.
