Check and see if your DELTA Pro is at the latest firmware, if no, please connect your extra battery with DELTA Pro for a firmware update. If you do have two XT 150 cable, please switch their order and connect them to your different DELTA Pros or different extra batteries for a test to see if it's the devices" issue or cable issue.

The ecoflow DC in can be wired directly to the battery. You should ensure the battery has a BMS because the ecoflow will empty the battery completely. Discharging too much is bad for the battery and a decent BMS

Delta pro battery Slovakia

should protect the battery against too deep discharge. You cannot directly charge the battery from the ecoflow without additional HW.

Just unboxed my Ecoflow delta pro. I have been accumulating LiFePO4 12 volt batteries (100ah, Chins and LION Energy), and have 3-4 of each, all bought at same time. Prior to getting the Ecoflow, I had the plan of ...
