Why is electricity expensive in Kosovo?

Usually,in Kosovo the imported energy is much more expensive than export. This is because Kosovo imports energy one day before needed,in the other hand energy is exported during the night when the demands are under generating level. Imports and exports have a negative impact for electrical energy price.

Does Kosovo have a power grid?

Recently, Kosovo's power grid (energy network) has finally emerged from the regulatory bloc with Serbia, Montenegro and northern Macedonia, which means that Kosovo will henceforth control its energy borders, operating as an independent regulatory zone within the Kosovo-Albania bloc. 3. Distribution Substation (KEDS)

Who distributes electricity in Kosovo?

Distribution Substation (KEDS) Regarding the distribution of electricity,in Kosovo the distribution exclusivity belongs to the Kosovo Electricity Distribution Company(KEDS). KEDS distributes electricity to the end customer,manages and maintains electricity distribution assets.

Which companies are affecting the energy sector in Kosovo?

Besides government institutions, there are also companies with great impact in energy sector such as Kosovo Energy Corporation (KEK), Transmission, System and Market Operator (KOSTT) and Kosovo Electricity Distribution and Supply (KEDS).
