

Equatorial Guinea givenergy battery price

Is givenergy a good battery?

Please check with Givenergy for details. The third generation of the GivEnergy 5.12kWh battery is more efficient than ever before. As well as its new smaller size and lower weight, the Giv-Bat 5.12 comes with higher capacity plus 100% depth of discharge. The product also boasts maximum versatility.

How many batteries can be used with givenergy?

Up to 5 batteries can be used with each AC charger/hybrid inverter. 12-Year Warranty - A long warranty shows GivEnergy trusts their product will last. To provide comprehensive monitoring and control capabilities, the GivEnergy battery links to both a cloud-based portal as well as a smartphone app. This enables:

Does givenergy sell a half-price inverter?

With every purchase of a low-voltage GivEnergy battery, we'll sell the inverter at half price. Your half-price inverter will come when you buy it with one of our low-voltage residential batteries. So, that gives you a choice over a great selection of differently sized products to suit your home.

Does givenergy offer a discount?

As such, the installer should pass on the discount to their customer. GivEnergy reserves the right to amend these terms at any time. Cut your energy bills this winter with our half-price inverter offer. Buy a selected battery, and get a 50% discount on its inverter.

How long does givenergy battery warranty last?

GivEnergy's market-leading battery warranty lasts 12 years with unlimited throughput. Note: All Generation 3 battery cables need to be purchased separately. The third generation of the GivEnergy 5.12kWh battery is more efficient than ever before while also reducing its size & weight.
