But when a company like GWL POWER puts such impressive numbers on their spec sheet together with their mayor outlet in the EU market that is exciting. I would say it's fair to assume they will back up what they promise on their spec sheet. At least till now I have no reasons to doubt their reputation. This is not MAYBE ONE DAY. This is right now.

Fraud alert: Do not deliver - Do not respond. AVOID!!! I placed an paid an order at 29-03-2024. Today (august 2024) still nothing delivered AND totally no response to my mails.

The Commission warmly welcomes today's agreement by Estonia, Latvia and Lithuania to accelerate the integration of their electricity grids with continental Europe and their disconnection from Russia and Belarus.
