This can in turn reduce the reliability, lifespan and performance of the electrical and other equipment. This is why Irish companies have been using Tricel's GRP electrical enclosures for over 40 years. Ideal for outdoor usage, GRP enclosures keep dust, dirt, and water out and ensure your equipment is kept safe.

These cabinets are an essential component in any outdoor electrical installation, providing the reliability and durability needed to keep systems operating smoothly. The central objective of this weatherproof electrical cabinet is to ensure the protection and security of lithium batteries, inverters, and solar controllers.
