

Freudenberg e power systems Sierra Leone

Why should you choose Freudenberg E-Power Systems?

As one of the world's leading providers of sustainable power for heavy-duty applications, Freudenberg e-Power Systems has the battery and fuel cell solution that is right for you. The unique flexible and modular design of our battery systems makes them suitable for a wide range of applications, backed by an industry-leading warranty.

How many employees does Freudenberg E-power systems have?

Freudenberg e-Power Systems supports its customers from application development to production, commissioning and service with some 830 employees. 0+open jobs! Freudenberg e-Power Systems is a leading global supplier of emission-neutral energy systems for heavy-duty applications.

Why is LG Energy Solution partnering with Freudenberg E-Power Systems?

"The partnership with LG Energy Solution strengthens our world-leading battery products for the bus and truck market. Together we are in a position to offer our customers a unique lineup especially tailored for the market's demanding requirements," said Max Kley, CEO of Freudenberg e-Power Systems.

Does Freudenberg E-Power Systems' new business unit pay off?

The new business unit Freudenberg e-Power Systems (FEPS) has been bundling the company's battery and fuel cell business into one organization since last year. The latest developments show why the move has paid off.

What is Freudenberg doing with ZF Friedrichshafen?

Freudenberg has teamed up with ZF Friedrichshafen in a long-term collaboration. An initial joint research project was already underway in 2021, developing fuel cell powertrains for long-distance bus platforms. Now a highly integrated, hybrid fuel cell-battery drive system for heavy commercial vehicles is on the agenda.

Freudenberg e-Power Systems (FEPS) und LG Energy Solution (LGES; KRX: 373220) haben einen mehrjährigen Vertrag über die Lieferung von Lithium-Ionen-Batteriezellenmodulen unterzeichnet.
