

# Grenada automatic backup generator for home

Do you need a portable home backup generator?

Prepare for any outage with a portable home backup generator. When the power goes out, a Generac portable generator will keep your fridge running, the AC on and your mind at ease. Browse our portable power solutions. These high-output powerhouses can easily handle outages--and everything else.

Does a Generac home backup generator provide peace of mind?

Laurann M. of Los Angeles, California shares how her Generac home backup generator provides her family with peace of mind. Carlos M. shares his story on how his Generac home backup generator kept his family warm and safe during an unexpected ice storm.

Do automatic home generators work if there is a power outage?

Of course, it is nice to have a backup power supply for your home in case of a power outage, but automatic home generators take the convenience to another level. Immediately an outage occurs, they'll kick in without anyone lifting a finger. In some cases, you may not even realize that there's an outage except for the sound of the generator.

Can you monitor a Generac generator remotely?

Once you install the app, you'll be able to monitor the generator through the app remotely. Several Generac generators come with a 5-year warranty, and this one is not an exception.

When is the best time to use an automatic home generator?

In some cases, you may not even realize that there's an outage except for the sound of the generator. The best time to appreciate your automatic home generator is when you're sleeping. When a power outage occurs in the middle of the night, getting up to start your generator will be very difficult.
