

# Guadeloupe hysolis mps3k solar generator

What is a hysolis mps3k-4500?

The MPS3K-4500 from Hysolis is an all-in-one solar power station that includes everything you need for reliable, sustainable, off-grid power. This is a mini off-grid solar system in a box - integrated with a 3,000W pure sine inverter & 4,500 watt hour lithium battery, the Hysolis MPS 4,500 will run just about anything you throw at it!

Is a hysolis solar power station a good alternative?

With its 4,500 Watt Hours of battery storage and a 3,000 watt pure sine inverter the Hysolis solar power station is the perfect gas generator alternative. People love the fact that it's completely silent and safe for indoor use. You can set the generator in the dining room or beside your bed and use it to power all sorts of appliances inside.

What makes hysolis a good power station?

Quickly charge up your solar panels with the sun on any day, even on cloudy days. A Reliable Power Station. Built to Last. Hysolis is a high quality, all-in-one power station designed to store power from the sun so that you can take care of your family and power your home, off-grid sanctuary, and more. Power that keeps on giving.

Can I charge my hysolis with solar power?

You can actually charge the Hysolis with up to 1500 watts of solar at the same time you're using it which means you can be taking power out of it to run appliances at the same time you're charging it from the sun. Because of this feature, we actually have customers who use the Hysolis as their full-time power source in their vans or off-grid homes.

How much does a hysolis weigh?

The Hysolis weighs in just over 120 lbs and has built-in double handles for carrying, or strapping to a truck trolley, making it easier to move from one place to another. And lastly, the Hysolis is super simple to use. With only a couple of buttons and standard plugs for all of your devices, it's extremely easy to setup, use and maintain!
