What is the Multinational Security Support Mission in Haiti?

The Multinational Security Support (MSS) Mission in Haiti is an international police and military force approved by the United Nations Security Council on 2 October 2023 to assist the government of Haiti in restoring law and order amid worsening civil strife and gang violence since 2018.

Does Haiti have electricity?

The electric utility for Haiti is Electricit  d'Ha ti (EDH). Though EDH technically holds monopoly rights for the provision of electricity, it contracts for power from a number of independent power producers (IPPs).⁴ The country's 50% electrification rate by 2020. its neighbor to the east with which it shares the island of Hispaniola.

Does the US play a role in the Haiti mission?

As the United Nations sanctions an independent Kenya-led multinational mission to the tumultuous nation of Haiti, Sir Ronald Sanders, Antigua and Barbuda's chief diplomat to the Organisation of American States (OAS), has probed the role of the US in the endeavor.

What is happening in Haiti's security situation in 2024?

On 12 September 2024, two dozen soldiers and police officers from Jamaica arrived in Haiti to join a U.N.-backed mission led by Kenya to combat the gangs. Three months into the Multinational Security Support (MSS) mission, little progress has been made, with no tangible improvement in Haiti's security situation.

How to reduce Haiti's vulnerability to climate hazard?

To reduce Haiti's vulnerability to climate hazards, adaptation measures need to be integrated into development planning under various sectors such as water management, agriculture, fisheries, land use, and forestry. Haiti, an island of 27,750 sq km in the Caribbean's Great Antilles, has a hot and humid tropical climate.

What is the economic base of Haiti?

Haiti's economy is based primarily on agriculture, which employs 66 % of the work force and contributes 27% of the GDP. The principal export crops grown are coffee, rope fiber (jute), sugar, and cocoa. Food security heavily relies on rainfed, subsistence farming.
