

Who is installing Megapack battery in Hungary?

MET Group is the first to install Megapack battery in Hungary, as part of the innovation project being implemented at the gas fired Dunamenti Power Plant. The energy storage unit will be installed in the summer of 2022.

Who manufactures Car batteries in Hungary?

GS Yuasa also produces automotive lithium-ion starter batteries, while Inzi Control also manufactures battery modules. Many of the significant suppliers of the battery industry in Hungary are located directly near the main car manufacturing plants.

Which companies make lithium-ion batteries in Hungary?

Today, Samsung SDI and SKI Innovation operate several giant factories in Hungary, whose total production will potentially grow to 47.3 GWh by 2025 and up to 87.3 GWh by 2030. GS Yuasa also produces automotive lithium-ion starter batteries, while Inzi Control also manufactures battery modules.

Why should we invest in battery production in Hungary?

The current battery production facilities in Hungary, together with the growing number of end-of-life electric vehicles, offer good opportunities to develop innovative and sustainable recycling processes of the valuable battery materials.

6. Strengthening international co-operation

Why is Hungary a good place to buy a battery?

Hungary is ideally located on the European battery map, thanks to its central geographical location, investments in cell and battery production facilities, the presence of large car manufacturers and its extensive supplier industry.

Is a battery training programme a good idea for Hungary?

It may be beneficial for Hungary if the education and further training programmes currently being developed at EU level, covering the entire battery value chain (e.g. the ALBATTIS project)⁷, are transposed in a way that meets Hungarian conditions.

APC 1500VA / 900W battery backup power supply ; 10 Outlets (NEMA 5-15R): 6 surge protector with battery backup; 4 outlets with Surge Protection Only.
