

Idm energy systems Kenya

Are IDM heat pumps sustainable?

iDM HEAT PUMPS provide sustainable heat that makes you independent! Heat pump systems from 2 - 1500 kW You are looking for - We have the solution! From a small family house to a hotel complex, we offer the perfect solution for your building. Single-family house Multi-family house Large object Which heat pump

Is IDM energy a good company?

A steady growth indicates that the management of the employees is the right one. After more than 45 years, the iDM energy family is proud of the company and their employees, who were and are the pillars of success. If playback doesn't begin shortly, try restarting your device.

What makes IDM a leader in Intelligent Energy Management?

Our long-established family business is one of the technology leaders for intelligent energy management in our company, primarily due to its development expertise and numerous technical innovations. One of the milestones in iDM developments was the introduction of fresh water technology for hygienic water heating in 1987.

What are IDM large heat pumps?

iDM large heat pumps also supply large properties such as hotels, apartment buildings, commercial properties and industrial buildings efficiently and reliably with climate-friendly heating energy.

Where is IDM based?

From the company's headquarters in Matrei in East Tyrol, customers all over Europe are supplied with high quality and reliability. Installers receive comprehensive planning support for the realization of new projects, and can also regularly acquire up-to-date know-how at events and seminars of the iDM Academy.

Where can I download the IDM AR app?

From now on you can download the new iDM AR app for free in the Apple Store and on Google Play. iDM is at home in the heart of the Hohe Tauern at 1,000 m above sea level. Since we were founded in 1977, we have been pioneers in the use of natural resources and since 1997 we have only focused on the heating technology of the future - the heat pump.

Delta Energy Systems (Kenya) Ltd provides a comprehensive range of civil engineering services for power systems, including: Read more. Think Power Solutions & Backup Systems.
