Who is solar power Indonesia?

Solar Power Indonesia partners with leading industrial customers and international consultants to deploy solar power systems that are reliable, efficient, and sustainable. We specialise in standalone and high reliability back-up power systems than integrate energy generation and storage solutions matched to your project requirements.

Who is PT Solusi solar Indonesia?

PT Solusi Solar Indonesia (SSI Solutions) is a leading solar service company in Indonesia. SSI Solutions help reducing down time and increase site availability,optimalization energy production,revenue,and maintain performance ratio of your Solar Environment.

Why did you choose solar power Indonesia?

Our solar panels are working perfectly,and we are already seeing the savings on our electricity bills. We chose Solar Power Indonesia for their reputation and expertise in solar panel installations. The entire process was seamless,and the staff was extremely helpful and responsive to our questions.

Who are the fastest growing solar companies in Indonesia?

One of the fastest growing companies in Indonesia, they currently have a portfolio of over 30 MWp solar projects, only 4 years into operation. They have completed more than 3000 residential solar installations to date. Based in Jakarta, ATW Solar also has a Solaristic Showroom powered by solar panels.

How much solar power will Indonesia have in 2025?

Based on the solar energy utilisation roadmap that has been made by the Government,the target installed solar panel capacity in 2025 is 3.6 GWp. Despite being realistic,this target is still quite far away and would be difficult to achieve if there is no cooperation from the sectors highly involved with the electricity sector in Indonesia.

Why should you choose Jakarta solar?

We craft solar plans that fit your budget and energy goals, a personalized plan just for you. Most of our recommended solar panels come with at least 25 year warranty, some with 30 year, and even 35 year warranty. Jakarta Solar is from Jakarta. That means a lot when you want service that understands local challenges. ENERGY EXPERT.
