

Inter power ltd Jordan

How can Interpower help you build equipment that can be sold worldwide?

At Interpower, we can make it easier to build equipment that can be sold worldwide by incorporating into the product design the Accessory Power Strip, which is different IEC 60320 components working together in one system.

What is the accessory power system available through Interpower?

The Accessory Power System available through Interpower is one way that assists in meeting that need by helping to simplify the process of product design for export in the global market.

What connectors are available for Interpower cord sets?

Cord sets can be molded with IEC 60320 connectors such as a straight C5 or C7, a straight or angled C13, or a straight or angled C19. Interpower's Made-to-Order (MTO) department hand-wires country-specific connectors for customers in select countries. A wide variety of accessories are also available.
