Will TotalEnergies build a solar power plant in Iraq?

French energy major TotalEnergies will build a 1-gigawatt solar power plant in Iraq as part of a cluster of contracts it was awarded in 2021 for an integrated project that entails a total investment of \$27 billion over 30 years.

Does Iraq have a solar power plant?

The contracts also cover a water intake project for injection into oil reservoirs. The solar power plant will be Iraq's first utility-scale solar power project. While the country has several other solar plans in the pipeline, the TotalEnergies project is the first to proceed to the implementation phase.

How much solar power does Iraq have in 2023?

According to the latest statistics by the International Renewable Energy Agency, it had just 1,599 megawatts of renewable energy capacity at the end of 2023. Iraq has abundant untapped solar resources that could allow it to achieve its target and reduce reliance on imports of electricity.

Will Iraq reach 10GW of solar by 2030?

Iraq is aiming to reach 10GW of installed solar by 2030. Image: IRENA. French energy company TotalEnergies has revived its deal with the Iraqi Government to develop a 1GW solar PV project in the Basra region, part of a larger US\$10 billion accord to also establish new gas generation and seawater treatment facilities.

Why is the Iraqi PV project important?

“This project is the first large-scale project in the Iraqi government's PV construction plan, and serves as a significant milestone in CEEC's commitment to international capacity cooperation and its collaboration with multinational companies to tap into overseas renewable energy markets and drive global energy transformation.

How much electricity will Iraq generate a year?

“Once completed, it is projected to generate 2.9 billion kilowatt-hours of electricity annually and reduce carbon dioxide emissions by 2.385 million tons. “The project will meet Iraq's growing electricity demands, facilitate the optimization of its power structure, and accelerate its economic reconstruction.

This project supported the private sector market development of solar PV in Iraq by addressing the needs to create client demand for solar-powered applications, an offer of good-quality PV systems installed by private companies and; a pool of trained professionals with relevant and/or transferable skills.

By John Lee. QatarEnergy is to take a 50-percent stake in the TotalEnergies solar energy project in Iraq: Partnership Agreement: QatarEnergy has signed an agreement with TotalEnergies for a solar power project in
