

Israel auspac solar

Who are Auspac solar?

AusPac Solar are an Australian-owned solar energy retailer and Installer that prides itself on quality products, installations and customer service. We specialise in Semi Off-Grid Solar systems for the home and Solar Insurance Claims and Compliance. With AusPac Solar we help render homeowners energy-independent, with 0 reliance on the Grid.

What is the Auspac solar guarantee?

The AusPac Solar guarantee is that once you install your system you will receive ongoing support and maintenance from AusPac, and not the manufacturer of the system. You join our community and we work to help you save money with ongoing support and service. Think of us as your bespoke energy optimisation service, not just your Solar installer.

Why should you choose Auspac solar?

Solar energy is a clean and renewable source of energy that reduces our dependence on fossil fuels and helps to combat climate change, making it a responsible choice for the environment. Not sure who to trust? Why AusPac Solar? We don't sell solar, we don't sell electricity. and business across Australia. What to expect?

At AusPac Solar, we're committed to delivering high-quality solar energy solutions, backed by outstanding customer service. We've built our reputation by offering only top-tier solar products. The solar industry in Israel is not a big market in terms of solar installations like in Europe and the US, but its huge market in terms of technology and opportunities. Since the government law on 2008, thousands of installations of 5 KW up to 50 KW are taking place daily and the local companies are working above 100% capacity.
