

What is solar & storage Espana?

The Solar &Storage Espana conference program will provide insight into trends and analysis on the strategic developments in the Spanish and Iberian renewable energy markets. In addition to this, attendees can further their education with in-depth seminars and trainings to be offered at the show-floor theatre.

What is solar & storage Espana 2025?

Solar & Storage Espana is the only exhibition and conference dedicated to the growing Spanish and Iberian solar and energy storage markets. The two-day eve. Solar + Storage Espana 2025 is held in Valencia, Spain, from 4/9/2025 to 4/9/2025 in La Ciutat.

Does Spain support energy storage?

The Spanish government has continued to back energy storage and, in 2022, awarded EUR150 million in grants for energy storage co-located with renewable generation sites for up to 65% of their investment costs. 11 The EU's Project PICASSO provides a long-term, pan-European dimension to the revenue opportunity for energy storage.

How will Spain and Italy support the rapid deployment of battery storage?

To incentivize the rapid deployment of battery storage both Spain and Italy are enacting supportive subsidy and regulatory frameworks. Ambitious state targets include 20 GW in energy storage deployment in Spain by 2030 under the PERTE ERHA. 6 Across both Italy and Spain, this will include at least 1.8 GW in new installed capacity by 2025. 7

What's going on with battery energy storage in Italy?

Since it went to press, regulators in Italy approved new auction rules for grid-scale storage and gave the green light to a 200MW/800MWh battery energy storage system (BESS) project from UK developer Aura Power, while Eni Plenitude brought a 15MW BESS online.

Will Italy deploy 900MW in 2023/2024?

Research firm LCP Delta recently forecast that after annual grid-scale deployments of just 20MW in the last few years, Italy would deploy 800-900MW in 2023/2024, second in scale only to the UK. In this piece, we interview executives from three developers looking to gain a foothold in the market: Aquila; Clean Energy, Field and Innovo Group.
