

Jersey solar online apply

How do I subscribe to New Jersey community solar?

Select "New Jersey Community Solar" from the web form drop-down selection. A subscriber can be a home or business that wants to use renewable energy but does not have an array on site. This may be because they are a renter or because their site is not optimal for an on-site solar system.

How do I find community solar projects in New Jersey?

This online tool allows New Jersey residents to search by zip code for community solar projects serving their community. NJBPU is partnering with Sustainable Jersey on this initiative and they will host the Community Solar Project Finder on their website.

Does NJ offer free community solar resources?

In addition, Sustainable Jersey offers free community solar resources such as the Municipally Supported Community Solar certification action and a Sustainable Jersey Community Solar Guidebook for Municipalities. About New Jersey's Clean Energy Program (NJCEP)

Will New Jersey's community solar pilot program be permanent?

New Jersey's Community Solar Pilot Program has been extremely successful and the Board is taking steps to make the pilot program permanent. It is anticipated that the straw proposal for the permanent program will be released in the first quarter of 2023.

What is New Jersey's community solar program?

New Jersey's Community Solar Program allows those who rent, lack control of their roof, live in an apartment or multi-family building, or cannot afford the cost of a solar installation to benefit from the cost savings and reduced carbon footprint of solar power.

What are the requirements for a community solar project in New Jersey?

Solar facilities must be connected to a distribution or transmission system owned or operated by a New Jersey public utility. All community solar projects must reach permission to operate on or before the expiration date noted in the CSEP acceptance letter.

In order to be eligible to generate Solar Renewable Energy Certificates (SRECs), solar project owners must enroll in the SREC Registration Program (SRP) to establish the project's eligibility. More detailed requirements regarding the SRP can be found in the SRP Program Guide .
