

Jtpv solar Lesotho

Who is Jietai solar (jtpv)?

Jietai Solar (JTPV) recently launched a new TOPCon solar cell product. Image: JTPV With a strong presence in China, especially the partnerships with most of the leading module manufacturers, solar cell manufacturer Jietai Solar (JTPV) started building its overseas market this year, where it mainly supplied its p-type solar cells.

How big is jtpv's n-type solar cell shipments?

As "The Pioneer of N-type Solar Cell", JTPV's N-type TOPCon cell shipments amounted to 6.56GW, accounting for 62.48% of the top five manufacturers, making it No.1 in the global N-type shipment.

What is Jietai solar?

Jietai Solar focuses on the R&D, manufacturing and sales of high-efficiency solar cells, the main products include large-size P-type PERC cells and N-type TOPCon cells. The firm claims that the average conversion efficiency of P-type PERC cells exceeds 23.8%, and the conversion efficiency of N-type TOPCon cells exceeds 25.5%.

Will jtpv stay ahead in the competitive market for Topcon cells?

With a large research and engineering team of over 1,000 members, JTPV is hopeful of staying ahead in the competitive market for TOPCon cells that is evolving in real time with increasing demand and the strong shift towards n-type cells. Its key TOPCon product 'MoNo 1', promises a conversion efficiency of 25.8% for mass production.

What is jtpv's global n-type shipment volume?

JTPV--No.1 in the global N-type shipment! 2023H1, JTPV shipped 11.4GW of solar cell products for a year-on-year increase of 181%. According to PV InfoLink, the total shipment volume of the top five cell manufacturers reached nearly 84.4GW, of which TOPCon cells accumulated shipments of approximately 10.5GW.

How Jietai solar has expanded its production capacity in 2022?

In 2022, Jietai Solar expanded its production capacity based on technological advantages, establishing new N-type solar cell production bases in Chuzhou and Huaian. As of year-end 2023, the company boasted a 40GW N-type production capacity. Products can be customized to satisfy customers' needs with great efficiency.

We're honored to announce that #JTPV has soared to the global TOP2 position in solar cell shipments for H1 2024, as reported by InfoLink Consulting. This leap from fifth place in 2022 is ...
