

Kazakhstan unipower battery

Who makes Unipower batteries?

About Unipower Batteries After nearly 30 years of partnership, OSI Batteries acquired the Unipower Corporation in 2021, along with its process expertise, quality production facilities, and exceptional testing capabilities. OSI is now the stocking distributor for all Unipower batteries, products, and accessories.

Will Kazakhstan gain market share in battery materials?

The country wants to gain market share in battery materials such as lithium, cobalt, manganese, nickel and graphite amid rising demand for the materials, Sharlapaev said. Kazakhstan already mines manganese, but last year it launched processing of manganese sulphate and aims to eventually capture 10% of the global market for the battery material.

What is a strategic partnership with Kazakhstan?

The strategic partnership with Kazakhstan aims to ensure a secure and sustainable supply of raw materials, refined materials and renewable hydrogen to help build a new, cleaner foundation for the economies of the EU and Kazakhstan. This facilitates the move away from fossil fuel dependency.

Does OSI sell Unipower batteries?

OSI is now the stocking distributor for all Unipower batteries, products, and accessories. We are proud to offer the best products and service under one roof. Our dedicated medical line of Unipower batteries offers FDA-certified, custom order, in-house manufacturing capabilities using a rigorous, proven, and quality testing and approval process.

Why is Kazakhstan launching new EV exploration licences?

Kazakhstan aims to boost output of metals needed for electric vehicle (EV) batteries and is issuing hundreds of new exploration licences to attract fresh investment in the sector, the country's industry minister told Reuters.

Who is Unipower?

With rich years of manufacturing experience, Unipower is a trusted leader in production of uninterruptible power supply (UPS), inverter, battery. Discover our expertise and how we can meet your needs.
