MAN Energy Solutions enables its customers to achieve sustainable value creation in transitioning towards a carbon-neutral future. The energy transition is, in fact, a heat transition, as more than 50% of end-use ...

A leading medical university in Saudi Arabia unlocks 32% energy savings with ENGIE's Energy Efficiency Solution. Our client, a leading medical university in the Kingdom of Saudi Arabia (KSA), and a world-class health care complex located in Riyadh, had an annual energy consumption of 133 GWh in 2019.

The resulting Kiribati Integrated Energy Roadmap (KIER) highlights key challenges and presents solutions to make Kiribati's entire energy sector cleaner and more cost effective. As a small, remote island state, Kiribati is highly dependent on imported energy supply. Electricity is one of the government's largest expenditures.
