

Kiribati pointguard energy

What is Kiribati integrated energy roadmap (Kier)?

The project is implemented by UNDP in partnership with the Government of Kiribati. The main objective is to enhance the outer island development through the achievement of renewable energy (RE) and energy efficiency (EE) targets of Kiribati as stated in the Kiribati Integrated Energy Roadmap (KIER).

Does Kiribati need electricity?

As a small, remote island state, Kiribati is highly dependent on imported energy supply. Electricity is one of the government's largest expenditures. Yet the current fossil fuel-based power system is inadequate to meet future demand.

Should solar PV be deployed in Kiribati?

The findings of this roadmap show that power sector is a key area, where the ongoing efforts from the deployment of solar PV should be continued and complemented with an improvement of efficiency in Kiribati's entire energy system, including electricity use, heating, cooling, and transport.

What is POIDIER's role in the Kiribati Development Plan (KDP)?

POIDIER also relates its mission to support the Kiribati Development Plan (KDP) - (2016-2019) to advance inclusive economic development in the following areas:

When was the MISE project launched in Kiribati?

The project was officially launched on 28 January 2021 with an Inception workshop at the Ministry of Infrastructure and Sustainable Energy (MISE) Boardroom in Betio, South Tarawa in the Republic of Kiribati.

The KIER is Kiribati's comprehensive energy roadmap, which takes into account renewable energy and energy efficiency potential in all sectors from 2017 to 2025.

The project is implemented by UNDP in partnership with the Government of Kiribati. The main objective is to enhance the outer island development through the ...

At the core of PointGuard's offering is the PointGuard Home, a revolutionary 5-in-1 energy storage system that integrates battery packs, battery PCS, PV inverters, an EV DC charging module, and an ...

The Government of Kiribati has embarked on promoting the utilization of indigenous renewable energy for power and non-power applications through the "Promoting Outer Island Development through the Integrated Energy ...

The resulting Kiribati Integrated Energy Roadmap (KIER) highlights key challenges and presents solutions to make Kiribati's entire energy sector cleaner and more ...
