

Why is electricity expensive in Kosovo?

Usually, in Kosovo the imported energy is much more expensive than export. This is because Kosovo imports energy one day before needed, in the other hand energy is exported during the night when the demands are under generating level. Imports and exports have a negative impact for electrical energy price.

Which companies are affecting the energy sector in Kosovo?

Besides government institutions, there are also companies with great impact in energy sector such as Kosovo Energy Corporation (KEK), Transmission, System and Market Operator (KOSTT) and Kosovo Electricity Distribution and Supply (KEDS). A lot of legislative documents that aim the adjustment of electricity sector have been approved.

What is Kosovo's Electricity Supply Chain?

Kosovo's electricity supply chain (ESC) includes both public and private firms. Electricity production is dominated by a publicly owned enterprise (POE), Kosovo Energy Corporation (KEK), Sources: Kosovo authorities and IMF staff calculations. Note: KOS A and KOS B refer to state-owned coal-based generation plants ("Kosova A and B").

Who is Kosovo Energy Distribution & Supply Company (KEDS)?

Kosovo Energy Distribution and Supply Company (KEDS) is a company operating throughout Kosovo having the exclusivity for electricity supply and distribution in the territory of Kosovo. Since May 2013, Kosovo Energy Distribution and Supply split from Kosovo Energy Cooperation and started its operational activities as a joint stock company.

How long does elektrosever supply electricity in Kosovo?

As of 24 June 2022, the electricity supply company Elektrosever is licensed to supply customers in four municipalities in the north of Kosovo* for a period of five years. KOSTT and Elektrosever have reached agreements for adherence to market rules, purchase and sale of electricity for renewable energy sources and balancing.

How has the war impacted Kosovo's Energy Sector?

Free Download . Use the free Adobe Acrobat Reader to view this PDF file Since the start of the war in Ukraine, electricity prices in Europe have increased and become more volatile. This coupled with unreliable domestic electricity supply has led to significant stress for Kosovo's energy sector and budget.
