

CCL Components supply power solutions into many different market sectors; Off-Grid, Renewable - Solar & Wind, Telecom, Marine, Industrial, Automotive, Supply Chain, Military and many more. As well as their range of power solutions the company also stock many other complementary products to provide a one stop shop for their customers.

At CCL, we stock the grid-tied and hybrid (storage) inverters for single and three phase, ranging from the 0.7kW MINI to the 110kW PRO. The hybrid inverters are suitable for residential and commercial storage and are compatible with major battery manufacturers worldwide.

From designing and manufacturing a range of interior automotive products to complex, functional components for the consumer market, CCL Design Glasgow works with customers across the world. For further information on our products visit our ...

Grid-tied storage inverters and energy storage systems - they are a great renewable solution. We stock a great range of hybrid inverters including the Fronius GEN24 Plus - there are many advantages to hybrid inverters including centralised monitoring of the array's performance (it's not split between multiple inverters or component manufacturers).

Wallbox manufacture EV chargers such as the Wallbox Pulsar Max and the Wallbox Pulsar Plus. The company are dedicated to unblocking the adoption of electric vehicles (EVs) today and unlocking the possibilities of more sustainable energy use tomorrow through smarter, simpler charging and energy management solutions for all.

CCL is one of the largest suppliers of LONGi solar modules in the UK. Why we recommend LONGi Solar. LONGi PV modules are durable and offer high yield, meaning more power output per square metre, and their move to HPBC technology will allow for some of the highest efficiency of any module on the market that benefit from a sleek, high-end aesthetic.

CCL Components is a distributor company that supplies solar and DC power solutions. Its products include solar grid-tied, inverters, photovoltaic modules, mounting systems, energy storage units, batteries, electric vehicle charging stations, ...

At CCL, we stock SMA inverters, EV chargers, the residential battery*, accessories and meters. Grid-tied Inverters. Sunny Boy: 3-6kW, single phase, for residential. Sunny Tripower: 3-110kW, three phase, for residential and C& I. Sunny Highpower PEAK3: 100-180kW, three phase, for larger-scale commercial and utility.
