

Cytek Solar Ltd was established in 2018 to offer solar solutions to businesses and communities in East Africa. We design, supply and install solar energy systems for homes, businesses NGOs and Government institutions.

About Cytek Solar. We are a Renewable Energy company based in Nairobi, Kenya, offering solar solutions to the African Residential and Business sector, as well as IOT driven load management solution to ensure minimal wastage of the generated power. Facebook-f LinkedIn-in Instagram X-twitter.

About Cytek Solar. We are a Renewable Energy company based in Nairobi, Kenya, offering solar solutions to the African Residential and Business sector, as well as IOT driven load management solution to ensure minimal wastage of ...

The 400W, 36V Hinen Foldable Solar Panel is a high-efficiency, portable solar solution designed for easy transport and use. With a 400-watt power output and 36-volt voltage, it provides reliable energy conversion in a foldable, weather-resistant design. Ideal for outdoor activities or backup power, this panel offers convenience and performance with simple setup and compatibility with ...

The TNT 300 Watts Floodlights offer powerful illumination with high-intensity LEDs, providing broad coverage and bright lighting. Designed for durability and outdoor use, these floodlights feature energy-efficient LED technology and a long lifespan. With an adjustable mounting bracket for flexible positioning, they are ideal for outdoor lighting, security, and illuminating large areas ...

The 300W Solar Flood Light offers powerful, energy-efficient illumination with its solar-powered design and high lumen output. Durable and weather-resistant, it includes a motion sensor and adjustable brackets for versatile installation. Ideal for large areas, it provides reliable lighting with extended battery life.

The 5KVA Growatt Inverter is a high-performance solar inverter designed to convert DC power from solar panels into AC power with a 5KVA capacity. Featuring MPPT technology for optimized energy conversion and advanced power management, it supports various battery types and configurations. With real-time performance monitoring and robust safety features, this inverter ...

Cytek Solar > Products > Portable Power Stations > 300W Hinen Portable Power Station. 300W Hinen Portable Power Station. The PS300 is a small and portable, yet powerful outdoor mobile power supply. It usually features a high-capacity battery and multiple charging ports for charging mobile phones, tablets and even laptops.

The TBB (MPPT Controller) 3KVA Riio Sun Inverter is a high-efficiency solar inverter designed to convert DC power from solar panels into AC power. Featuring MPPT technology, it optimizes solar energy

conversion and supports various battery configurations. With real-time performance monitoring and robust safety features, this 3KVA inverter is ideal for residential and small ...

The 300L SWH Non-Pressure Vacuum Tube Solar Water Heater offers efficient and eco-friendly hot water for residential and commercial applications. With a 300-liter capacity, it utilizes vacuum tube technology for optimal solar energy absorption and minimal heat loss, ensuring reliable hot water even in low-light conditions. Its non-pressure design simplifies installation and ...

18 · A China-invested 1-million-kilowatt photovoltaic project broke ground in northern Laos, China General Nuclear Power Corporation (CGN), a major nuclear power operator in ...

The Ritah 200Ah 12V Battery is a high-capacity deep cycle battery designed for reliable energy storage and consistent power output. With a 200Ah capacity and 12V voltage, it is ideal for solar systems and other energy storage applications. Featuring a durable construction and low maintenance design, it supports deep discharge cycles and includes safety features to ensure ...

The Veichi 11kW Three Phase Hybrid Water Pumping Inverter is designed to efficiently power water pumps using a combination of solar energy and grid electricity. With a robust 11kW capacity, it integrates solar and grid power to optimize water pumping operations. Featuring advanced power management, real-time monitoring, and strong safety protections, this ...

Cytek Solar > Products > Portable Power Stations. Showing 1-8 of 10 results. 100W,18V Hinen Foldable Solar Panel Read more. 3000W Portable Power Station (With expansion port) Read more. 300W Hinen Portable Power Station Read more; 3KW/2.4KWh Hinen Portable Power Station Read more; 400W, 36V Hinen Foldable Solar Panel ...

The Hinen Single Phase 6KW Smart Off-Grid Solar Inverter is a high-efficiency solution for residential and small commercial solar systems. With its advanced smart technology and integrated MPPT, this inverter offers optimal energy conversion and easy system management. Ideal for off-grid applications, it supports expansion with additional solar panels and batteries, ...

The company's production base in Laos plans to build 9GW of battery plates and 3GW of high-efficiency solar cell panel assembly equipment, on a construction site of about 32 hectares, which is ...

1 · Chinese Clean Energy Giant CGN Breaks Ground on Laos' First Solar Power Generation Project (Yicai) Dec. 19 -- China General Nuclear Power Group, a state-owned atomic and ...

The Longi 555 Watts Solar Panel delivers exceptional power with a 555-watt output using high-efficiency monocrystalline silicon cells. Designed for durability and performance, it features a robust aluminum frame and tempered glass to withstand harsh conditions. With a low temperature coefficient for efficient operation in high temperatures and backed by a strong warranty, this ...

The Hinen Three Phase 12kW Hybrid Inverter is a powerful and versatile solution for managing large residential and small commercial solar systems. With its hybrid functionality, three-phase output, and integrated MPPT, it provides high efficiency and flexibility. Compatible with various batteries and equipped with smart monitoring capabilities, this inverter ensures reliable ...

The 10KVA Growatt Hybrid Inverter offers high-efficiency energy management for medium to large installations, integrating both solar and battery storage systems. With an impressive 98.4% efficiency, it ensures optimal energy conversion and reliable performance. This inverter supports multiple MPPT channels for enhanced solar harvesting and is compatible with various battery ...

The Megatank 6KW Inverter + 10.24KWH LFP Battery (All-in-One) system features a 6 kW (6000W) continuous inverter with a peak power capacity of 12 kW (12000W), ideal for handling high-power surges. The 10.24 kWh Lithium Iron Phosphate (LiFePO₄) battery operates at a nominal voltage of 51.2V and offers up to 6000 cycles at 80% depth of discharge. With ...

The Megatank 6KW Inverter + 10.24KWH LFP Battery (All-in-One) offers a powerful and efficient energy solution in a compact and integrated design. Combining a high-capacity inverter with a durable Lithium Iron Phosphate battery, this system ensures reliable performance, long lifespan, and superior safety. Ideal for both residential and commercial applications, it simplifies energy ...

The Megatank 51.2V Lithium Battery delivers robust performance with a nominal voltage of 51.2V and a substantial capacity of 100Ah. Utilizing Lithium Iron Phosphate (LiFePO₄) technology, it offers up to 6,000 cycles at 80% depth of discharge. It supports fast charging and operates within a broad temperature range: charging from 0°C to 45°C and discharging from -20°C to 60°C. ...

The 8KW Inverter + 10.24KWH LFP Battery (All in One) offers a combined solution for efficient energy conversion and storage. With an 8 kilowatt inverter and a 10.24 kilowatt-hour lithium iron phosphate battery, this all-in-one unit integrates power management and storage into a compact design. It ensures high efficiency, real-time monitoring, and robust safety features, making it ...

Efficiently harness solar power with the 200L Sollatek Solar Water Heater. Featuring high-efficiency collectors and a well-insulated tank, this system provides reliable hot water, reduces energy costs, and offers long-lasting performance for both residential and commercial use.

The Supersun 200 Watts Solar Floodlights offer powerful, energy-efficient illumination with 200 watts of LED light. Designed for outdoor use, these floodlights feature a durable, weather-resistant build, an adjustable solar panel for optimal sunlight capture, and a motion sensor for enhanced security. The long-lasting battery ensures bright lighting throughout the night, while the easy ...

The 22kW Hober Hybrid Three Phase Inverter offers robust performance for large-scale energy systems,

Laos cytek solar

integrating solar and grid power with advanced hybrid functionality. Designed for commercial and industrial use, it supports various battery configurations and features high efficiency, real-time monitoring, and comprehensive safety protections. This durable inverter ...

The Megatank 6KW Inverter + 5.12 KWH LFP Battery (All-in-One) system combines a robust 6 kW (6000W) inverter with a 5.12 kWh Lithium Iron Phosphate (LiFePO4) battery. The inverter supports a peak power output of 12 kW (12000W) and offers high efficiency of around 93%. The 5.12 kWh battery operates at a nominal voltage of 51.2V and features up to 6000 cycles at ...

The Hinen Single Phase 6KW Hybrid Inverter is a versatile and efficient solution for managing residential and small commercial solar energy systems. With its hybrid functionality, high conversion efficiency, and integrated MPPT, it offers reliable performance whether connected to the grid or used off-grid. Its compatibility with various batteries and smart monitoring ...
