Hello All, I have an AC200L and 2 B300's. I have been charging them using a Westinghouse gas generator with 3600W / 4650W peak output. When all 3 units are connected together in series using the large supplied cables, they all charge simultaneously through the AC200L. I was having problems (and still am) when I try to charge all 3 units through the ...
