Who is LTI ReEnergy cleantech?

LTI ReEnergy CleanTech GmbH is a leading German automation company group founded 50 years ago and has started to be active in the renewable sector in wind energy since 1999 and solar energy since 2007.

Where is LTI based?

Beyond its robust German technology and European and Middle East engineering base, LTI has successfully set up a technical project development arm acting out of the UAE and a project funding and financial structuring business arm incorporated in London.

How does LTI ensure project viability?

LTI also assures the project viability by structuring the debt and equity investments after the grid connection and commercial operation commencement date and the bridge funding for the construction period and some of the world's largest EPC companies.
