Photovoltaic installations in Luxembourg are diverse and include rooftop solar, ground-mounted solar plants, floating installations and solar carports. From January 1, 2023, the government reduced the value added tax (VAT) on new photovoltaic installations to 3% and increased subsidies for photovoltaic installations for own needs to 62.5%.

L'installation de panneaux photovoltaïques est une solution rentable à long terme : L'exploitation de la ressource énergétique, le soleil, est gratuite et disponible partout. Le panneau nécessite très peu de maintenance et l'électricité qu'il produit peut être revendue sur le réseau public.

Der Solar Park Grevenmacher Luxemburg Die SOLARPOWER S.A. ist eine in Luxemburg tätige Entwicklungs- und Betreibergesellschaft zur Realisierung von Projekten in dem Bereich der regenerativen Energieerzeugung.

Sunenergy Luxembourg specialises in the design, supply, installation and maintenance of solar panels and other renewable energy technologies. Our solutions for solar and storage applications, intelligent energy management systems and modern charging solutions for e-vehicles enable people and companies to achieve greater energy independence

Économisez l'eau, l'énergie et l'argent de façon simple et intelligente avec les solutions d'Energiepark Région. Expérimentez dans le bâtiment neuf ainsi que la rénovation, habitation ...

Luxembourg solar park energy solution
