Which company has secured India's largest solar energy & battery energy storage system?

Reliance NU Suntech, a subsidiary of Reliance Power, has secured India's largest solar energy and battery energy storage system (BESS) project at 930 MW (megawatts) from the Solar Energy Corporation of India (SECI), according to an exchange filing.

What is solar power generation & energy storage solutions?

With our team of professionals having vivid experience and wide exposure in Solar Power Generation and Energy Storage Solutions, we provide Solar solutions that can improve power experience with clean energy for Africans.

Is India a net importer or exporter of photovoltaic (PV) products?

India is making significant progress in transitioning from a net importer to a net exporter of photovoltaic (PV) products. In Fiscal Year (FY) 2024, Indian PV manufacturers exported approximately US\$2 billion worth of PV modules. The export value of PV modules from India increased by more than 23 times in just two years between FY2022 and FY2024.

How did India's PV modules exports perform in FY2024?

India's PV modules exports surged 23x, reaching \$2B in FY2024, shifting from net importer to net exporter of PV products.
