

How much does a solar project cost in Maldives?

In 2022, 63 investors expressed interest in the third 11 MW solar project in the remote islands of Maldives, and a record low price of 9.8 US cents was received. This is one of the lowest tariffs for any small island developing state (SIDS).

Should investors invest in sustainable solar projects in the Maldives?

In 2014, the first 1.5 MW solar project under ASPIRE only had four investors' bids, and resulted in a high power purchase price (PPA) of 21 US cents per unit of electricity, indicating a lack of interest from investors in investing in sustainable projects in the Maldives.

What are the challenges facing solar projects in Maldives?

Challenges facing such projects include integrating solar with existing power sources on the grid, off-taker risk, weak procurement, and planning capacity. The objective of the ASPIRE project is to increase photovoltaic (PV) generation in Maldives through private-sector investment. Approved in 2020, the ARISE Project scaled up this process.

Will a 5 MW solar installation make Maldives a popular destination?

Now, one of the first sights for any of the 1.7 million tourists visiting the Maldives will be that of the 5 MW solar installation on the highway linking the airport island to Male and its satellite town of Hulhumale.

When will the Aspire project start in the Maldives?

The inauguration of the 5 MW solar project on December 7, 2022 under the ASPIRE project has been a game changer in the energy transition journey of the Maldives.

How will Aspire and Rise help the Maldives' energy transition?

World Bank-financed projects ASPIRE and ARISE support the Maldives' energy transition by installing more than 53.5 megawatts of solar capacity and 50-megawatt hours of battery storage. This will reduce Maldives' annual import bill by about \$30 million, with a project lifetime saving of \$756 million over 25 years.

Pekat Group Berhad is pleased to announce that its indirect wholly-owned subsidiary, Solaroo RE (Maldives) Pvt. Ltd., has signed a Power Purchase Agreement (PPA) with Sun Investments Pvt. Ltd. to supply solar-generated electricity. Under the agreement, Solaroo will develop a solar photovoltaic power system with a direct current capacity of 1,727 kilowatts ...

Solar Hybrid Maldives. On August 26th 2021, Sino Soar won the bid of the 12 Islands PV-Diesel-Battery Mini-grid Project in Thaa Atoll Maldives. This project is SINOSOAR's second mini-grid project in Maldives since the 26 islands project. SINOSOAR finally won the bid in the fierce competition with both domestic and overseas competitors!
