Why is Mali launching a 200 MWp solar power plant?

Loading... Mali's President Assimi Goïta has launched a 200 MWp solar power plant project with NovaWind, a Rosatom subsidiary, to address the nation's electricity crisis and promote sustainable energy. The EUR200 million investment aims to supply 10% of Mali's electricity within 12 months.

Why is Mali building a new solar power plant?

As Mali grapples with an ongoing electricity crisis that hampers economic growth, transitional President Assimi Goïta laid the foundation stone for a new 200 MW photovoltaic solar power plant. The Russian company NovaWind, a subsidiary of Rosatom, is constructing the plant, marking a significant step in the country's energy sector.

How much is a solar power plant in Mali worth?

Solar panels. Author: John S. Quarterman. License: Creative Commons, Attribution 2.0 Generic. Construction of a 200-MW solar power plant in Mali was officially launched on Friday, Mali's national broadcaster ORTM reported. The project, worth over USD 200 million (EUR 184m), is a partnership between Mali and Russia.

Which company is constructing a new energy plant in Mali?

The Russian company NovaWind, a subsidiary of Rosatom, is constructing the plant, marking a significant step in the country's energy sector. In recent weeks, Mali's transitional government has intensified efforts to implement this solution nationwide.

What is a Russian nuclear project in Mali?

The project, worth over USD 200 million (EUR 184m), is a partnership between Mali and Russia. It will be built by Russian company Novawind, a division of Rosatom, the Russian nuclear corporation. The plant is located in Sanankoroba in the Koulikoro region of southern Mali and will improve electricity supply in the West African state.

How much will NovaWind invest in Mali?

NovaWind will invest EUR200 million in the Mali project, expected to be operational in 12 months. The plant aims to supply 10% of Mali's electricity. Before the construction commenced, President Goïta met with NovaWind's Managing Director, Grigory Nazarov, to discuss the project's progress.

1 review and 2 photos of BRIGHT LIFE SOLAR "We contracted with them through McCormack Roofing, Construction & Energy Solutions and did a new roof and solar as one job. We wanted enough panels to make a difference on our electric bills and it accomplished that- we pay \$20-30 per month for electricity now even running the AC and pool pump a lot during summer.
