Project Sunroof is a solar calculator from Google that helps you map your roof"s solar savings potential. Learn more, get an estimate and connect with providers. Enter a state, county, city, or zip code to see a solar estimate for the area, based ...

I honestly can"t find any. On Amazon, the solar panels they sell are around $1.25+ per watt. That is a scam and not worth it in my opinion. Contractors in my area give quotes around $16k. That is a ripoff in my opinion. And yes, the push for people to get loans. You clearly haven"t had to deal with these scammers and their stupid business model.

The Solar Partnership of EDM and Sunna Design . An eco-citizen company committed to finding sustainable solutions for both people and the planet, EDM called on Sunna Desig n to help design an economical and ecological lighting system for the streets of Mayotte.
