Find out everything you need to know about Sunfusion Solar Electric Inc. See BBB rating, reviews, complaints, contact information, & more.

Purchased the solar battery backup from Sunfusion in 2021. Battery stopped working in 2022. Walter changed it out in Sept 2022, but apparently did not have it wired correctly to the solar or the house main panel. The battery caused a whole house power outage on Feb 14, 2023. SDGE came out and said it was the battery connection.

Sunfusion is a commercial and domestic solar power and battery energy storage system installation company located in Klemzig, a suburb of Adelaide in the City of Port Adelaide Enfield. Sunfusion's friendly informative and professional solar panel installers will help you find the best solution for your solar energy needs at an affordable price.

A SunFusion Solar residential solar system lets you become a customer-generator for the utility company, a special type of customer that utility companies are bound by law to purchase excess power from. Unused solar power generated by your system is automatically routed to the utility grid. As the excess power is transferred to the grid, your ...
