

What is the Sussex Energy Group?

This is the work of the The Sussex Energy Group. We undertake academically rigorous, inter-disciplinary research that engages with policy-makers and practitioners.

Is Moldova a member of the Energy Community?

Moldova has been a member of the Energy Community since 2010 and signed an Association Agreement with the European Union on 27 June 2014. It therefore had until December 2017 to make its legislation conform to the EU *acquis communautaire*, which

Does Moldova have a new energy policy?

Moldova has committed to implement reforms embedded within the European Union's Third Energy Package, a suite of legislation adopted in 2009 aimed at creating integrated and competitive energy markets for natural gas and electricity.

Does Moldova buy natural gas from energocom & Gazprom?

Moldova's natural gas company Moldovagaz will start buying gas from domestic supplier Energocom while continuing to buy it from Russia's Gazprom, the head of Moldovagaz said late on Saturday.

This is the work of the The Sussex Energy Group. We undertake academically rigorous, inter-disciplinary research that engages with policy-makers and practitioners. The aim of our research is to identify ways of achieving the transition to sustainable, low carbon energy systems whilst addressing other important policy objectives such as energy ...

Reducing the amount of energy we use will be key to cutting emissions and reaching net zero, but energy demand reduction measures also have a range of co-benefits which can help to improve citizens' wellbeing, such as improved health outcomes and local job creation.
