

Nature's generator Slovakia

What is a nature's generator?

The Nature's Generator is a solar generator built to be used anywhere, anytime. Power is supplied by our very own Power Panels and Wind Turbines, and can be connected to your home power. We ensure a clean charge without sacrificing any power, so you can stay connected wherever life takes you. Pure Sine Wave (120 Volt and 240 Volt)

What is nature's generator powerhouse?

The Nature's Generator Powerhouse is the next innovation for a whole home eco-power solution. With a maximum power output of 120V/240V 7200Watt, it can power almost anything. Powerhouse will provide you all your power needs ANYWHERE and ANYTIME! Whether it is a 120 Volts or 240 Volts. You name it!

How much power does a nature's generator use?

Of course, most of the weight you are lugging around in the Nature's Generator is the 1800-watt pure sine wave inverter. With this kind of power, you are free to use the three AC outlets without fear of overloading the system. The DC outlet is also a great feature that bypasses the inverter and allows for longer electronic runtimes.

Does nature's generator have a 240V inverter?

You name it! Nature's Generators' Powerhouse can singlehandedly address all your home power requirements because of its split phase 240V/7200W or single phase 120V/7200W (combined) pure sine wave inverter! Nature's Generator knows the extreme importance of 240V in every home.

How do you charge a nature's generator?

Most commonly, the generator is paired with solar panels or wind turbines from the same manufacturer. The Nature's Generator also has an AC power cord and you can charge it by plugging it into an outlet in your home. Here are the estimated charge times for a full battery:

What is the nature's generator powerhouse power panel?

The Nature's Generator Powerhouse Power Panel is a 410W all black frame and all black multi-busbar solar cell that adopts new technology to improve the efficiency of modules and offer a better aesthetic appearance -- making it perfect for rooftop installation.
